

UNG Docs Architecture

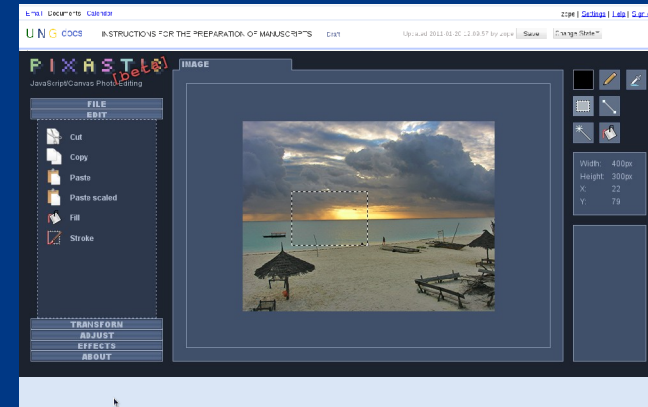

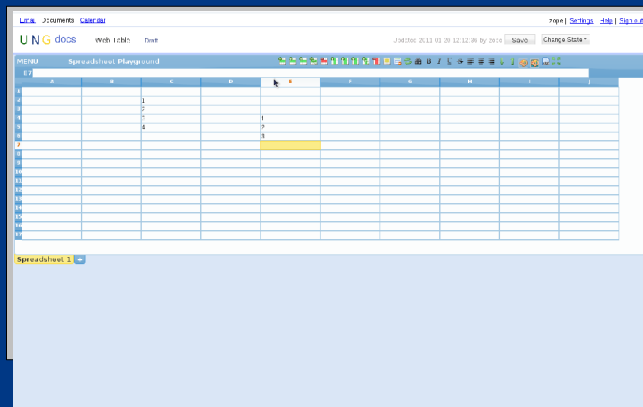

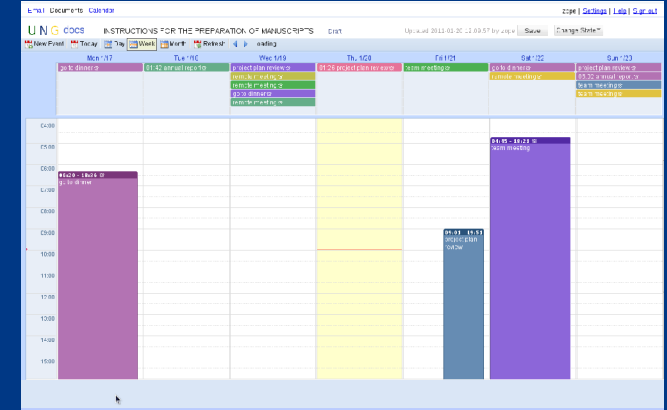

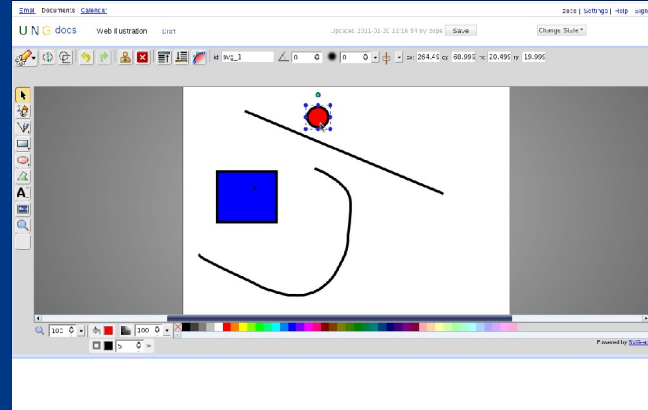

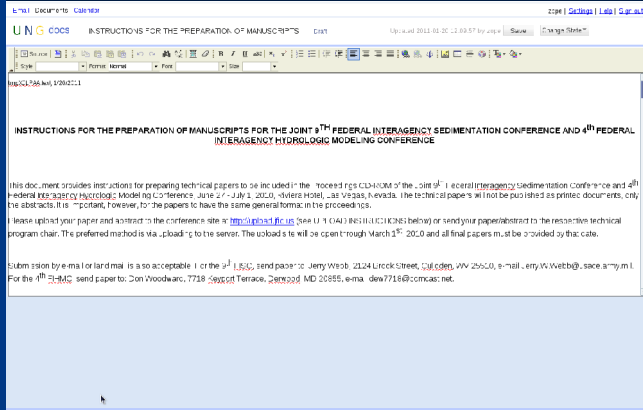

The screenshot displays the UNG Docs web application. At the top, there are navigation links for Email, Documents, and Calendar, along with a user profile 'zope' and links for Settings, Help, and Sign out. Below this is a search bar with the text 'UNG docs' and a 'Search Docs' button. On the left side, there is a sidebar with a 'Create New' dropdown and an 'Upload' button. Below these are several filter categories: 'All Documents', 'Web Illustration', 'Web Page', 'Web Table', 'By Subject', 'Hidden', 'Owner', 'Recent', 'Shared by me', 'Starred', and 'Trash'. A section for 'Add gadgets' is also present, with a message stating 'Your tab is empty. Please use link (Add gadgets) to prepare it yourself.' The main content area is titled 'All Documents' and features a 'Refresh' button. It contains a table with columns for 'Delete', 'Change State', 'Title', 'Sharing', and 'Date'. The table lists 17 records, with the first few being 'Web Illustration' and 'New Illustration' documents. The status bar at the bottom of the table indicates '1 - 17 of 190 records - 0 items selected' and shows a pagination control for page 1 of 12.
